Count XII -- Photoreconnaissance Request

Dear Patty:

This letter is to inform you that my client has decided to accept the CIA's proposal for resolution of Count XII as set forth in letters to me from Royce C. Lambreth dated December 28, 1983 and April 5, 1984. In accordance with the CIA proposal, you will provide us with a document indicating the event, geographic location, and non-intelligence purpose of reconnaissance efforts which you have determined in the course of the search described in the aforementioned letters to have had something other than an intelligence purpose, with the caveat that such information will be provided only to the extent that it was contained in the original records reviewed and was declassifiable. In return for this list, plaintiffs agree to drop any further challenge to the CIA's response to the photoreconnaissance request embodied in Count XII of the complaint.

Very truly yours,

  
Graeme W. Bush
